

TRUE EXPERT OF ASIAN CUISINE

НАСТОЯЩИЙ ЭКСПЕРТ В АЗИАТСКОЙ КУХНЕ

2021

**We are glad to welcome you
on the pages of the catalog of Sostra company!**

For 19 years, Sostra has been continuously working on the development of the production of Asian food products: sauces, marinades, dressings, noodles and other popular products. During this time, we have taken a leading position in the market, as evidenced by Nielsen's annual reports.

With rich and successful experience in manufacturing and sales, we are actively develop retail, B2B and the HoReCa directions, the pan-Asian segment of which uses more and more popular.

We are glad to offer cooperation, in which our partners will always receive favorable conditions and advantages:

- An in-demand assortment of Pan-Asian products created by technologists from Asia;
- An expert support of a stable and reliable supplier and a manufacturer that has proven itself in the market;
- An authentic Asian products that meet the highest standards production management existing in the world today, which is confirmed by the international BRC certificate;
- The ability to develop products on a turnkey basis (Private Label), including recipes, design, packaging format (from sachets to cubic containers);
- A marketing support aimed at popularizing Asian cuisine and profit growth for each partner.

SOSTRA TODAY

#1 IN RUSSIA

- Sostra is the only plant in Russia for the production of soy sauce by the method of natural fermentation.
- The plant was built in 2002 in Istra district of the Moscow region, which allows better and faster satisfy shipping request of Asian products to the markets of Russia and the CIS.
- Now the area of the plant is 15,000 m².
- In the production of soy sauce Sostra uses traditionally Asian technologies – ancestors for many subsequent formulations.

200 000 T/ YEAR

- Production facilities of the Sostra Company exceeds 200,000 tons of finished products per a year. The plant produces pan-Asian products: soy sauces and Asian sauces, dressings for salads and bases for soups.
- Sostra makes sure that the product stays authentic even after production relocation in Russia. The production process takes place under managed by a team of Asian technologists.
- Finished products are stored in full automated warehouse, with a capacity of 11 500 m².

25 PRODUCTION LINES

- The Sostra plant carries out the complete process production of sauces: from the initial setting ingredients for fermentation to the packaging.
- The equipment of the Sostra plant includes 25 production lines and provides different types of packaging: from cubic containers to sachets.
- Sostra also offers a series of quick lunch in boxes. It is quickly and easy to prepare – you only need boiling water and it tastes like dishes that delivery services bring.

SOSTRA TODAY

300 SKU OF ASIAN FOOD

- For 19 years, Sostra's team of technologists has launched more than 300 authentic products of our own brands and 150 types recipes for HoReCa and own brands of our partners.
- The plant in the Moscow region produces all the necessary sauces for authentic Asian dishes: sauces for cooking and dipping sauces.
- The assortment of the plant includes not only soy sauces, but also a wide range of ingredients for Asian dishes. Popular types of Asian noodles, snacks and drinks are imported from Asia.

12 COUNTRIES MARKET

- Today, the product of the Sostra company is widely distributed in all federal districts of Russia.
- Sen Soy brand products are distributed to many countries like Poland, Czech Republic, Germany, Israel, Estonia, Ukraine, Belarus, Kazakhstan, Uzbekistan, Kyrgyzstan, Armenia and Viet Nam.
- Our official representative for Europe, based in Poland is Flavor Hub company. It is responsible for all business contracts and distribution of Sen Soy products exported to European markets.

QUALITY STANDARTS

- Production is certified with international HACCP standards that confirm the high quality of the implemented product in Russia.
- The production is annually audited check of retail chain, which level of standards is comparable to the toughest quality requirements.
- Also, the plant has implemented a management system quality corresponding to international BRC standards (Global Standard for Food Safety), which allows to export products to Europe.

SOY SAUCES ORIGINAL

Sen Soy sauce – the bestselling soy sauce in Russia since 2011.

Sen Soy brand – people's brand, recognizable and favorable label in the segment of Asian food. The brand is on the market for 19 years. The Sen Soy soy sauce is recognized as one of the most popular consumer good in its category. It competes successfully with world famous premium brands.

Soy sauce Sen Soy is a natural product created in a traditional way – by natural fermentation, without usage of acids and alkalis; does not contain carcinogens. The entire process of its production (preparation of a special mixture of soybeans and wheat, fermentation, pasteurization and bottling) takes place in Russia, at the Sos-tra plant. Plant has no analogues in the country. The modern equipment, producing more than 70 million bottles of natural soy sauce per year.

Soy sauce Sen Soy range:

SAUCES EVERY DAY

**Traditional sauces are relevant and essential offer
in sauce market.**

The recipe of these sauces was created on the basis of consumer preferences and combines the most interesting tastes: HOT CHILI, SWEET CHILI, SWEET AND SOUR, CLASSIC AND TERIYAKI.

Sauces of the Sen Soy brand is made in Russia according to a unique recipe based on natural ingredients, due to which they surpass their competitors in taste characteristics and are more attractive for customers in terms of the optimal ratio of price and quality.

The line of traditional sauces is widely used: seasonings for dipping, sauces for cooking and pickling. The versatility of the products allows them to remain relevant in any season and to be in demand on the displays in special zones, in the target departments: «Meat», «Fish» and «Grocery» (sauces/marinades).

SOY SAUCES PREMIUM

Soy sauces of the Sen Soy Premium brand are always high quality and Japanese traditions.

Sen Soy Premium soy sauces have a richer flavor, thicker texture and longer aging. Natural soy sauce ORIGINAL with the longest lifetime (about 9 months), is of particular interest to consumers. The sauce has a deeper rich range of flavors and aromas. Soy sauce ORIGINAL is a favorite seasoning on the table. Any dish can be quickly and easily seasoned thanks to the practical packaging with the lid. LIGHT soy sauce is a natural Asian seasoning with reduced salt content.

CLASSIC (the so-called «SEYU»), and TERIYAKI – are popular Japanese sauces, characterized by a long aging period, about 6 months. Soy sauces CLASSIC and TERIYAKI are available in two types of packaging: 1-liter plastic bottle and 220 ml glass bottle. Fans of Japanese cuisine will appreciate the universal sauce-seasoning TERIYAKI WITH SESAME – a spicy addition to any ready-made dish. DARK soy sauce – the new sauce with viscous texture, bright aroma, rich taste and long ripening period. SUSHI&SASHIMI soy sauce – a natural flavor enhancer, because in the composition there is Kombu seaweed, which is responsible for the taste of umami. Doesn't interrupt the taste of sushi and rolls.

CHILI SAUCES: SRIRACHA AND THAI CHILI

The line of popular, versatile, hot sauces for all lovers of hot dishes.

SRIRACHA spicy chili sauce is a favorite of Thai, Vietnamese and Mexican cuisine, an excellent ingredient for barbecue dishes and «French fries», for frying tofu cheese, chicken wings, and seafood. SRIRACHA HOT CHILI sauce can be used as a dipping, cooking, and pickling sauce. The sauce will be appreciated not only by fans of exotic Asian cuisine, but also by admirers of American and Caucasian cuisine.

SRIRACHA HOT CHILI sauce is also suitable for some cocktails.

Thai chili sauces Sen Say Premium are created according to the recipes of Thai chefs. These types of sauces: SWEET CHILI, SWEET CHILI WITH MANGO, SWEET CHILI WITH PINEAPPLE and HOT SWEET CHILI are the most popular in Thailand and created from fresh fruits and natural spices that have been hot preserved, which allows them to safe their taste and benefits as much as possible. A lid with a tightness valve is a guarantor of the integrity and safety of the product (if the bottle has been opened, then the glass of the lid will click when pressed).

COOKING AND STIR-FRY SAUCES

The Line «Cooking and stir-fry sauces» – ready-made and one-stop solution for housewives and chefs.

KOREAN BBQ sauce – Korean hot sauce, hot-spicy taste with a pleasant aroma. Most often, it is used as a marinade paste for meat, chicken or vegetables.

SWEET AND SOUR sauce – a thick mixture of fresh ginger, pineapple pieces and spices. Widely known and ideal for cooking delicious and original dishes of meat and poultry.

BLACK PEPPER sauce is an unpretentious name for an exquisite sauce based on oyster extract and traditional Chinese spices. Let meat has a piquant, spicy taste with light sweetness and pungency.

HOISHIN sauce is popular in China, Korea, and Thailand. Presents a mixture of natural soy sauce, flower honey, garlic, ginger and spices. The famous «Peking Duck» is prepared with this sauce, also served as a dipping sauce.

TERIYAKI sauce is a popular Japanese marinade sauce for a quick baking meat; meat acquires a glazed surface, retains inside aroma juiciness. From Japanese, «teri» – shine, and «yaki» – grill, barbecue. The sauce includes fresh oyster extract, natural soy sauce, fresh ginger, onions, garlic and spices.

YAKITORI sauce is one of the most popular sauces in Japan. Small kebabs are cooked with this sauce. The meat is slightly spicy, juicy and aromatic.

The curry dish is popular in many Asian countries, but it has its own characteristics conditioned by traditions. To prepare an exquisite **THAI CURRY** with a subtle aroma of lemongrass, lime and traditional spices is better use the prepared Sen Soy brand curry sauce.

SUSHI MAKING PRODUCTS

The Sushi making products by Sen Soy Premium – leading project in Russia, among fans of Asian cuisine.

The line «Sushi making products» differs from all existing offers on the market by its complexity: it includes necessary ingredients for making sushi and rolls (for different categories of consumers and all kinds of variations) and ready-made sets for cooking.

Sen Soy Premium products are always true traditions and high quality that meets the high requirements of Japanese chefs. Thus, NORI LEAVES of the Sen Soy Premium brand are an «A-class» product (GOLD), they have a golden hue, pleasant taste, a dense, rather than loose structure, without large gaps (openings). With such nori, the content of the sushi does not disintegrate, the filling remains intact.

For the preparation of MARINATED GINGER is used only young roots, with a fine structure, without hard fibers, and with a moderate pungent taste.

RICE FOR SUSHI is packed only from the best rice varieties Koshi Hikari, Akita Komachi, Fushigon.

RICE VINEGAR for sushi is suitable for not only making Japanese sushi and rolls, but also as a dressing for vegetable salads. Naturally fermented rice vinegar is produced at Sostra plant.

WASABI is a necessary attribute for sushi, a spicy seasoning. It is made from grated Japanese mountain horseradish root. Thanks to wasabi, you can safely eat sushi and rolls with raw fish. Sen Soy Premium offers three different types of wasabi: classic tube paste, powder for self-catering seasoning and horseradish-wasabi sauce.

HORSERADISH WASABI sauce with a pleasant spicy taste. Popular spicy-sushi are easy to make with this sauce. In addition, this sauce complements dishes from meat, poultry, fish and vegetables.

ASIAN NOODLES

**Sen Soy Premium Asian noodles
are always high quality and variety of species.**

Sales of Asian noodles on the European market are increasing from year to year – this is a global trend. In the HoReCa sector, the development and growth of network cafes specializing exclusively in Asian noodle dishes is noted. The main secret of the popularity of Asian noodles is the taste of the dishes and the simplicity of their preparation. For creation is enough to mix a certain type of noodles and special sauces.

RANGE ADVANTAGES:

- Variety of assortments and benefits of Asian noodles (also GLUTEN FREE)
- There are special noodle sauces in addition to this line
- Simplicity and ease of use
- Optimal and consumer-friendly product-price ratio
- Bright and modern design
- Popularity, brand awareness

Sostra presents a wide range of noodles traditionally used in Japan and the countries of south-east Asia. UDON (wide wheat noodles with elastic structure); SOBA (buckwheat noodles), SOMEN (special thin wheat noodles), EGG NOODLES (high content of egg white). The company also offers several rice flour noodles: FO-KHO (flat wide rice noodles including portioned) and HU-TEU (thin rice noodles), Japanese classic rice noodles RICE VERMICELLI and RICE NOODLES in the nests. HARUSAME made from bean and potato starch noodle is ideal for WOK dishes.

MUNG BEAN NOODLES are needed to be mentioned, in cafes and restaurants it is called «glass noodles», for its transparent appearance in the finished dish. This product comes close in popularity to Sostra's branded soy sauce. Sen Soy premium mung bean noodles are distinguished by their high quality and pleasant taste, which is confirmed by high sales in retail stores and in the B2B sector (HoReCa). Mung bean noodles and rice noodles are made from high quality flour and do not contain the allergenic protein gluten.

WOK SAUCES «BEST OF ASIA»

The secret of most of the traditional dishes of the countries of East and Southeast Asia is the special sauces, the history of which is connected with the centuries-old development of the culinary art in each country. It is difficult to get authentic oriental cuisine without these sauces.

The products are created in accordance with the main principles of modern society: quick and easy. It's mean quickly, simply, tasty cooking.

YAKISOBA sauce is a traditional Japanese sauce for frying buckwheat noodles with meat and vegetables. The fish broth, soy and oyster sesame sauce and a bouquet of spices included in its composition give Soba buckwheat noodles an exquisite taste.

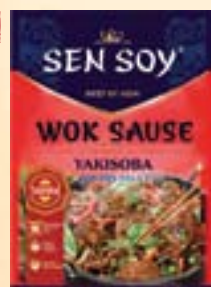

PAD THAI sauce is a traditional Thai sauce for frying wide flat rice noodles Fo-Kho. The sauce gives a spicy, exotic sour – sweet taste to the dish, thanks to the large amount of natural tamarind paste. Oyster sauce, pineapple juice and pulp, mushrooms and spices create unforgettable pleasant flavors.

CHAPCHAE sauce is a traditional Korean sauce for frying mung bean noodles (glass noodles). A delicious combination of sauce ingredients: shiitake mushrooms, natural soy and oyster sauces, fish broth and traditional spices.

WOK SAUCE FOR FRYING RICE is an excellent addition to side dish with a bright, pronounced sweet and sour taste and exotic aroma.

WOK SAUCE FOR FRYING VEGETABLES will enrich even a vegetarian dish with teriyaki flavor and transform it from everyday taste to Asian exotic.

WOK SAUCES «BEST OF ASIA»

Kits for WOK «Best of Asia» is a turnkey solution for home cooking.

Thanks to the «Best of Asia» signature WOK KITS, gourmets and pan-Asian lovers can easily prepare a traditional Japanese, Korean and Thai dish at home.

Each set consists of Asian noodles, special sauce, sesame seeds and detailed recipe.

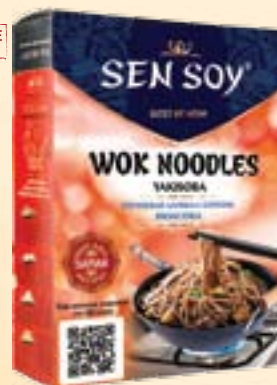

Japanese WOK YAKISOBA WITH SOBA NOODLES AND YAKISOBA SAUCE is a traditional dish which is phenomenally popular in Japan. Yakisoba literally means «fried noodles in sauce».

The set for Japanese WOK TERIYAKI WITH UDON NOODLES AND TERIYAKI SAUCE will allow to cook the most popular dish prepared on WOK – «Teriyaki». Thanks to Teriyaki sauce, the products are caramelized and given a delicious shine.

Thai WOK PAD THAI WITH RICE NOODLES AND SAUCE PAD THAI, is the most famous wok dish in Thailand, recognized as one of the 10 best dishes in the world by CNN. The main Pad Thai's feature is a series of aftertastes: first sweet, then sour and then spicy.

The Korean WOK CHAPCHAE WITH HARUSAME GLASS NOODLES AND CHAPCHAE SAUCE set will help you to create a traditional Korean dish. In ancient times, «Chapchae» was invented for the king, who liked the dish very much, and thanks to this, it quickly won the love of Koreans.

SAUCES «BEST OF ASIA»

A series of sauces «Best of Asia» are the most demanded and popular traditional Asian sauces for cooking world famous Japanese and Chinese dishes.

Today wok is a trend: noodle and Pan-Asian restaurants are opened everywhere. The secret to the popularity of noodle dishes is ease of preparation, exotic taste and health benefits. WOK sauce for frying noodles by Sen Soy is an ideal base for wok dishes, by adding only this sauce to the noodles, you will get a ready-made restaurant dish.

TERIYAKI SWEET sauce for frying – rich, thick sauce for Japanese dishes from meat, vegetables, seafood. Soy sauce, red wine and spices will add a special aroma, light sweetness and piquancy.

TERIYAKI sauce for marinade is a real find for barbecue and grill lovers. Thick Japanese marinade makes meat fragrant and juicy inside and covers with an appetizing caramelized crust – outside. The ideal balance of ingredients allows meat to be marinated in 30 minutes.

Marinade sauce UNAGI for fish, traditional for Japanese cuisine and originally created for eel dishes, today it is versatile in its use and possesses rather thick consistency and sweet-salty taste with smoked notes.

OYSTER marinade sauce for meat – a world-famous delicacy Asian oyster extract sauce and the best beef marinade with a savory salty-spicy taste and rich aroma.

SOUP BASES «BEST OF ASIA»

Soup is the quintessence of national cuisine that reflects the culinary tastes of all nations.

Authentic recipe of soups (basis for soup) by Sen Soy Premium, corresponds to culinary traditions of South-East Asia, and consumer preferences: taste, convenient packing, designed for 4 serves, ease of preparation. Quick and easy (cooking fast, simple, delicious).

MISO SOUP is a paste made from soybeans, malt and salt. Produced by long fermentation (natural fermentation). Natural and healthy product. Miso paste is used not only for the preparation of meat, poultry and seafood but also famous for marinating.

MISO base is included in the ready-made MISO SOUP KIT. As well as Japan's favorite cheese tofu, sesame seeds, aromatic wakame seaweed, natural soy sauce.

The top 100 of popular dishes in the world include the famous Thai soup TOM YUM. The base of this soup contains tamarind paste, natural coconut cream and Thai spices.

TOM KHA is one of the most famous Thai soups, based on a combination of chicken broth and coconut milk. The taste is similar to TOM YUM, however, less salty and spicy.

The base for Vietnamese chicken noodle soup PHO is an exotic blend of pungent ginger, spicy cardamom, gourmet anise and cinnamon.

SOY SAUCES & RICE VINEGARS

SOY SAUCE CLASSIC Sen Soy – the most popular soy sauce in Russia, prepared by natural fermentation. Has an optimal balanced taste and concentration. Suitable for use in most dishes. Dilution is possible.

SOY SAUCE PROFESSIONAL Sen Soy – a thick, concentrated, long-aging sauce that rivals by its properties the best world analogues. Suitable for various dishes, ready for dilution in maximum proportions.

SOY SAUCE FOR SUSHI – naturally fermented according to a special Japanese recipe. It has denser texture and special unique shades of taste due to long holding period.

SOY SAUCE TERIYAKI – traditional Japanese sauce. Pineapple, ginger and garlic add a special piquancy of the finished dish. Used as a marinade and as a sauce for meat, fish and seafood.

RICE VINEGAR – high quality 4.5% rice vinegar for making sushi and rolls according to the traditional recipe. Manufactured by method of natural fermentation.

RICE VINEGAR CLASSIC – 4.5% rice vinegar. Made by natural method of fermentation, but has more reduced aging times compared to Sen Soy rice vinegar.

RICE VINEGAR FOR SUSHI – prepared vinegar for making sushi and rolls. Natural fermentation, comfortable packaging, turnkey solution.

EXOTIC ASIAN FOOD

COCONUT MILK (5-7%) – natural, infused with the sweetness of coconut milk with a thick and dense consistency. Has a pronounced creamy taste and rich aroma. It goes well with meat, seafood and fish.

COCONUT OIL (100%) – natural source of beneficial vitamins and minerals. Not prone to rancidity does not lose taste and useful properties for frying and cooking deep-fried dishes.

FLOUR TEMPURA – basis for air batter, in which the finished dish turns into an exquisite one. Gives to fish, seafood, vegetables and hot rolls soft and delicate taste and a delicious scent.

FLAKES TEMPURA – baked in a unique way using microwave technology – the dough heats up from the inside, rises and forms into a light, airy texture. As a result, the finished dish turns out to be very crispy.

RICE PAPER – thin, translucent dough sheets based on rice and water, which are served as the basis for making light vegetable rolls and meat pancakes. Durable to use.
